

RWPL began with humble beginnings in 2010, operating with an initial production capacity of 100 metric tons per month.

Over the years, the Company has steadily expanded its capabilities, reaching a current production capacity of 500 metric tons per month, making RWPL the largest MSME welding consumables manufacturer in INDIA.

Today, RWPL offers a comprehensive range of welding consumables, including Mild Steel, Low Hydrogen, Hardfacing, Stainless Steel, and Special Alloy electrodes, as well as, Stainless Steel Wire, CO₂ wires and Flux-Cored wires, SAW Wire & Fluxes and Ready Mix flux powder and core wire among others. Guided by a quality-driven approach, RWPL has earned an excellent reputation in both domestic and international markets and now exports to over 25 countries across North America, South America, Europe, the Middle East, and Southeast Asia, East, West and Central Africa.

RWPL's success is built on the trust and long-term partnerships established over the past one decade.

We sincerely thank all those who have been part of our journey and look forward to strengthening these relationships in the years ahead.

Your Global Partner for Custom Welding Solutions

We specialize in private-label welding electrodes, Welding wire and Welding Flux designed for international markets. From tailored flux formulations to branded packaging, we work closely with our customers to meet the unique needs of their markets.

From electrode printing to fully customized packaging, we provide a complete, one-stop solution for delivering high-quality welding products worldwide.

CUSTOMIZED PACKAGING

Your brand, your packaging! Customize paper boxes or plastic containers and select the perfect pack sizes—1 kg, 2 kg, 5 kg, or more—so your products are ready for the market

CUSTOMIZED FLUX FORMULATION

Your market. Your specs. Our custom welding electrodes/ welding wire and welding fluxes—America/ European/ Russian or Japanese flux types, made to perform

CUSTOMIZED ELECTRODE COLORS

Customize your welding electrodes with a range of colors to make your products stand out and easily distinguishable in the market

CUSTOMIZED LABELS

We create everything from Material Safety Data Sheets and Product Data Specification Sheets to packaging labels—single or multi-label—fully tailored to reflect your company's specifications and branding."

CUSTOMIZED ELECTRODE PRINTING

Make your mark on every electrode! Imprint your product name for increased visibility and to give your customers the information they need
